

achen

The image shows a stylized, cursive signature of the word "achen" in black ink. The letters are connected and fluid. Five red dots are placed on the signature to mark specific points: one on the first 'a', one on the second 'a', one on the 'h' stem, one on the second 'e', and one on the final 'n'. In the top-left corner, there is a grey geometric shape consisting of three lines forming a partial triangle or a corner of a square.
